Chris Serrano, Utilities Coordinator, 366-5265, [chris.serrano@normanok.gov](mailto:chris.serrano@normanok.gov)

### **Road Closure Extension at Lindsey & Pickard**

The road closures at Lindsey Street from Pickard to Flood and Pickard Avenue south of Lindsey Street will remain closed until 9 a.m. on Monday, June 29, 2015. Unexpected damage on existing waterlines was discovered and will require replacement before the waterline connections are complete. Warning and detour signs will be placed to assist the motoring public.

Central Contracting Services, under contract with the Norman Utilities Authority and the University of Oklahoma, is currently installing a new 24-inch waterline for the Norman Utilities Authority and a new 16-inch waterline for the University of Oklahoma along Lindsey Street from Chautauqua Avenue to Berry Road. This work will require temporarily closing Lindsey Street and/or side streets in sections. Weather permitting; the Lindsey Street Waterline Improvements should be complete by September 2015.

The project manager for this portion of the project is Jim Speck, City of Norman Capital Projects Engineer (217-7778 or [jim.speck@normanok.gov](mailto:jim.speck@normanok.gov)). Contact Chris Serrano, City of Norman Utilities Coordinator, at 366-5265 or [chris.serrano@normanok.gov](mailto:chris.serrano@normanok.gov) with questions or for additional information on the Lindsey Street Project, visit [www.lindseystreetnorman.com](http://www.lindseystreetnorman.com).
